DESIGNED FOR DRIVING

Confident, athletic and elegant, the new Volvo S60 is the essence of remarkable Scandinavian design. A charismatic sedan that projects confidence without shouting.

Crisp, sharp details enhance and complement the car’s powerful profile and its sleek silhouette invites you to get in and drive. The S60 delivers an inspiring and stimulating ride – one where effortless performance, an advanced chassis and intuitive technology combine to create a car that celebrates the joy of the road through the quality of captivating design.

Wherever the destination, the new Volvo S60 is here to help you conquer the journey.
Sit in the driver’s seat of the new Volvo S60 and experience an environment that has been designed entirely for your driving pleasure. The clean and uncluttered interior layout combines form and function. Thoughtful details, such as diamond-patterned control knobs and the tailored dashboard, reveal an inspired sense of refinement. The front seats are shaped to complement the human form, so they are exceptionally supportive and feature a wide range of adjustment settings. In the rear, generous legroom and the same levels of seat support mean that all your passengers will travel in comfort, wherever they’re seated.

The standard panoramic glass roof floods the cabin with light, and it’s also tinted to reduce glare and has a powered sunshade. With climate control – standard two-zone for Momentum trim and standard four-zone for R-Design and Inscription – front and outer rear seat occupants can select their ideal temperature, while our CleanZone technology filters incoming air to help remove dust, pollen, particulates and odours.
The Volvo S60’s tailored dashboard with contrasting stitching creates a distinctive, sophisticated look.

Distinctive air vents feature controls in a metal finish and element-patterned knobs. Metal Mesh Aluminum inlays on the dashboard create a technical, modern and luxurious design element, perfectly complementing the stainless steel speaker panels of the Bowers & Wilkins audio system.

Our driver-centric, 9-inch Sensus Touch replaces physical buttons with virtual equivalents facilitating ease of use. The portrait format of the display shows more map area at once, preventing the need to scroll as often.

The Metal Mesh Aluminum decor is a modern and luxurious design element, perfectly complementing the stainless steel speaker panels of the Bowers & Wilkins audio system.
The new Volvo S60 is a car that will inspire you to drive. A sedan with a dynamic character. One that will heighten your senses and invigorate your driving experience. Powerful and perfectly balanced, it’s capable of delivering both refined, long-distance comfort and an exciting drive.

The chassis in the S60 combines double wishbone front suspension with a unique integrally-linked rear axle. It means that every input you make is matched with a precise and sharp reaction, while still ensuring a smooth ride. The Sport chassis on the R-Design trim increases stability and quickens responses even further by lowering the ride height and adding stiffer springs and dampers.
Wherever you’re headed, our powerful and refined gasoline powertrains deliver a captivating driving experience. The T5 engine balances responsiveness with efficiency, while the high-performance T6 AWD engine is both supercharged and turbocharged. Compact and light, these four-cylinder powertrains reduce weight over the front wheels, which helps improve agility and the way the car responds to driving inputs. And because smaller engines lose less energy through friction, you’ll find them more efficient – every drop of fuel works harder, thus helping minimize emissions and consumption.

With the T6 AWD petrol powertrain, a combination of a supercharger and turbocharger ensures the engine’s power is always available when you need it, from low-speed manoeuvres to high-speed cruising. The T6 AWD also benefits from all-wheel drive, which can increase traction and grip when accelerating – useful in slippery conditions or when towing, for example.

All of our powertrains can be enhanced by adaptive drive modes, allowing you to alter the way the S60 drives to suit the road ahead. Eco mode, for example, recalibrates the powertrain for the lowest possible fuel consumption and emissions, while Dynamic sharpens response times, reacting faster to your commands. As the Volvo S60 is available with our eight-speed Geartronic™ automatic transmission, you will experience smooth, responsive gear changes. Opt for the R-Design trim and you can add unique paddle shifters for easy and exact gear shifting.
PILOT ASSIST: YOUR JOURNEY MADE EASIER

Our semi-autonomous technology is designed to make your life easier, allowing you to relax and enjoy the drive without relinquishing control. Pilot Assist helps reduce some of the effort required at higher speeds (up to 130 km/h) or in stop-start traffic, so journeys can be more enjoyable. It keeps the S60 at a set speed and distance from the vehicle in front, and uses steering inputs to help keep you in the centre of your lane. This means that even in the most monotonous driving situations, such as on long highway journeys, your car takes some of the strain and keeps you focused on the drive.

It does this using a combination of information from a camera and a radar integrated into the S60’s windscreen, which the car uses to monitor its position relative to visible lane markings and the vehicle in front of you (if there is one).

Pilot Assist is connected to the Drive Modes of the Volvo S60. While in ECO mode, there is the possibility of improved fuel efficiency, and Dynamic mode quickens the response to the speed of the vehicle in front.

This is our approach to technology – designed to make every journey you take safer and more relaxing.

Please note: The driver is always responsible for how the car is controlled, these are only supportive functions.
VOLVO S60

CITY SAFETY TECHNOLOGY,
YOUR PROACTIVE PARTNER ON THE ROAD

Oncoming Mitigation by Braking
A Volvo Cars safety world first, this innovation can detect vehicles heading towards you on the wrong side of the road. If a collision can’t be avoided, it will automatically apply the brakes to help reduce the effect of a collision.

Lane Keeping Aid
The Lane Keeping Aid will gently steer your car back into its lane if it senses you are about to inadvertently cross into a different lane. If this is not enough or if you keep steering across the lane markings, you’ll be alerted with vibrations in the steering wheel.

Oncoming Lane Mitigation
If you drift across the lane markings and into the path of oncoming traffic, your car warns you and gently steers you back on the correct path. Using the automatic steering assistance, this safety system will help to avoid collisions with oncoming vehicles.

Run-off road Mitigation
Stay safely on the road with this Volvo Cars safety innovation. If Run-off road Mitigation detects you’re about to leave the road unintentionally, it uses steering input and, if necessary, brake support to guide you back on track.

Driver Alert Control
If you are getting fatigued or lose concentration at the wheel, Driver Alert Control will alert you and suggest a break. With Sensus Navigation, it can even guide you to the nearest safe and convenient location for a rest stop.

Our advanced proactive safety technology helps you feel confident and in control. At the heart of this technology is City Safety. By helping you keep a lookout and brake or steer away if necessary, it makes driving more enjoyable while helping to prevent accidents.

City Safety can identify other vehicles, pedestrians, cyclists and large animals ahead of you, even at night. It warns you if necessary and can brake automatically to help avoid a collision or reduce impact. Our advanced Oncoming Mitigation by Braking technology – a Volvo Cars safety world first – can detect if there’s another vehicle driving towards you and brakes automatically to mitigate the impact.

Your Volvo can also support you if you’re forced into rapid evasive action at speeds between 50 and 100 km/h. As you begin to steer away, City Safety can help you do it as effectively and safely as possible by braking the inner wheels individually and reinforcing your steering input.

City Safety is your perfect co-pilot: proactive when it’s needed, and staying discreetly in the background the rest of the time.

Please note: The driver is always responsible for how the car is controlled, these are only supportive functions.
Protecting you and your passengers has always been at the heart of every car we make, and the advanced safety features in your Volvo are the result of decades of passionate innovation.

In a Volvo, it’s the interaction between all the safety features that determines how effectively the car will protect you in a collision. Each component – from the design of the seats to the surrounding safety cage and the safety belts and airbags – works together to help minimize the strain on every passenger and maximize protection.

The front seats not only provide world-class comfort, they are also designed to protect you in the event of an impact. Our unique whiplash injury protection protects your back and neck if your car is hit from behind. And in a run-off road scenario, the energy-absorbing front seat structure will help protect your spine in a hard landing, should the car become airborne.

Your Volvo can even anticipate and prepare for an impact. The optional prepared front safety belts tighten automatically if the car detects that a collision is likely, to ensure you’re in the safest position should one occur. And in the event of an accident, your Volvo can automatically contact emergency services and communicate the car’s location so you can get help as quickly as possible.

It’s this range of safety technologies and attention to detail that makes your Volvo a safe place to be.
YOUR WELL-CONNECTED GUIDE

Intuitive technology in the new Volvo S60 helps get you where you need to go quickly and effortlessly. The distinct graphics of Sensus Navigation are easy to read, while the portrait format of the centre display means maps scroll less, showing more of the road that you are travelling on.

Our innovations also save you time by helping you find what you’re looking for, with built-in apps such as Google Search. Find a gas station, a restaurant or a hotel and then use Sensus Navigation to take you there.

The S60 keeps you connected to the digital world with an onboard Wi-Fi hotspot and 4G connectivity. And connecting your phone to the car is as easy as plugging it in – Apple CarPlay™ or Android Auto™ will do the rest, transforming the centre display into an extension of your phone.

Sensus Navigation
With its clear mapping, seamless connectivity and ease-of-use, Sensus Navigation is your companion on every drive, taking care of the journey so you can enjoy every moment.

Smartphone integration
Apple CarPlay™ or Android Auto™ allows you to easily connect a smartphone to your car, just plug it in and the centre display will show the same interface as your phone’s home screen.

Voice control
Volvo Cars’ latest voice recognition technology understands natural speech, so you can simply talk to your car – there’s no need to memorize specific phrases to operate climate control, navigation, media or telephone features.
HEAR THE DIFFERENCE

Immerse yourself in the clarity and detail of your favourite music in the Volvo S60. By working with some of the world’s finest audio makers, we’ve created an in-car experience that takes you closer to the music you love.

The S60 was designed with exceptional audio performance in mind. Audio systems from Harman Kardon® and Bowers & Wilkins ensure superb sound reproduction every time.

Harman Kardon® Premium Sound is our high-level sound experience. It uses 14 speakers to surround you with music and delivers 600 watts of sound via a 12-channel amplifier.

The Dirac Unison tuning software also automatically adjusts the intensity of the sound so that when you are listening to different recordings or sources, you don’t have to turn up the volume yourself.

The advanced technology of the range-topping Bowers & Wilkins package uses 15 speakers to deliver unrivaled 1100-watt performance, highlighted by the unique ‘open air’ subwoofer, with rich, resonant bass notes. This system also uses unique technology developed with the Swedish audio software specialists Dirac Research that can change the in-car acoustics to resemble a performance space – such as the Gothenburg concert hall – for a more lifelike sound.

With seamless smartphone integration, enjoying music on your device is as easy as making a call, thanks to Apple CarPlay™ and Android Auto™, while the Spotify app grants you immediate in-car access to all the music you’ll ever want.

We developed Harman Kardon® Premium Sound with the hi-fi specialists at Harman Kardon™. Powered by a 600W digital amplifier, the 14 speakers are tailored to the acoustics inside your Volvo and deliver a powerful, high fidelity surround sound.

A unique sound processing software by audio specialists Dirac Research optimizes the response of each individual speaker, as well as the speakers all together to ensure they perform in perfect harmony. So whether you’re seated in the front or rear seats, you can enjoy a seamless first-class listening experience with an extremely unified and tight bass sound.

Android is a trademark of Google Inc.

Bowers & Wilkins is a trademark of B&W Group, Ltd.
**ALWAYS CONNECTED**

The Volvo On Call app connects your car with the rest of your world, helping make life less complicated. It’s always there when you need it, so your car becomes more than just a means of travel – it’s your personal assistant. You can use it to prepare your car for the drive to the office or the drive home by remotely cooling or heating the cabin. It can remind you that you have left your car unlocked and allow you to remotely lock or unlock your car from anywhere in the world. You can sync your Volvo On Call app with your calendar, so if you have appointments it will tell your car where they are and how to get there. And it keeps you safe, automatically contacting emergency services if you’re involved in an accident and telling them where you are.

---

**YOUR DAY MADE EASIER WITH VOLVO ON CALL**

From saving you time in the morning to helping you relax at the end of the day, Volvo On Call can be an integral part of your daily routine.

---

**THE PERFECT START**

When you get into the car in the morning it’s warm, defrosted, and the navigation system knows where you’re going thanks to Volvo On Call.

---

**WHERE NEXT?**

A calendar card shows your next meeting. You push a button in the app, sending the address to the car’s navigation system.

---

**FIND YOUR CAR**

You’ve forgotten where you parked, or you use the car location map to find the street and then use the flash light function to pinpoint the car.

---

**REMOTE CONTROL COMFORT**

You use the remote start functionality to warm the car interior so it’s ready when you leave the office.

---

**READY FOR A NEW DAY**

A notification reminds you that you’ve got a meeting tomorrow. You send the location to the Sensus Navigation system so you are ready to go in the morning.

---

*Available for hybrid models only.*
Welcome to the future. Where a simple, convenient subscription will revolutionize your car experience. We call it Care By Volvo, a new way to experience Volvo cars, and part of our vision to give you back more time to do the things you love.

For one fixed monthly cost and no down payment, you can enjoy your own Volvo model. We take care of everything else: maintenance, wear and tear protection, road-hazard protection, winter wheels and tires, and a 24/7 concierge. It is convenient, transparent and hassle-free. And as the service is flexible, once you’ve subscribed, you can borrow other Volvo models for short periods of time* – if you need a larger car, for instance.

Taking advantage of our exclusive concierge services, which varies depending on your location, will allow you to make better use of your time. And because you get to drive the latest Volvo models, you benefit from our progressive technologies and innovations.

Better still, because you don’t own the car in the traditional sense, you don’t take any of the responsibility. You protect yourself from future unexpected costs.

This is the future of motoring. This is the luxury of simplicity. Available from Volvo Cars today.

CREATE THE SWEDISH DYNAMIC SEDAN OF YOUR CHOICE

Our approach in everything we do is to always put people first. This also includes allowing you the freedom to create a Volvo that matches your style and integrates perfectly into your life. To ensure you get your new Volvo S60 exactly as you want it, there are several different design expressions to choose from, each with a distinctive style and character: the premium S60 Momentum, sporty S60 R-Design, and the luxurious S60 Inscription. Whatever you prefer, you can rest assured there’s a Volvo S60 for you. Read on, and discover your new Volvo S60.
The new Volvo S60 Momentum is a confident expression of contemporary style and inspiring performance, where progressive design and intuitive technology create a premium experience. Designed to be your premium dynamic Swedish sedan, the S60 Momentum has been developed to meet and surpass your demands on style, comfort, performance and design.

The exterior of the S60 Momentum is engineered towards a distinctive contemporary aesthetic. Inside, ergonomically designed seats with optional City Weave upholstery await you. A multitude of interior combinations make it easy to create your own personal S60 Momentum experience.

VOLVO S60 MOMENTUM PROGRESSIVE PREMIUM STYLE

FOR A COMPLETE EQUIPMENT LIST, PLEASE VISIT VOLVOCARS.CA
The Volvo S60 Momentum embodies the essence of contemporary Scandinavian design.

Unique black exterior design cues complement the 17-, 18- or 19-inch alloy wheels, contributing to the car’s dynamic road presence, while dual visible tailpipes add a stylish finish.

Aluminum tread plates welcome you every time you enter the cabin of your S60 Momentum. Our 8-inch driver display and Sensus Connect with enhanced connectivity, including the intuitive operation of our 9-inch centre display with touch screen and voice control, provide enhanced control. Volvo On Call connects your car with your smartphone and provides access to a wide range of intelligent services, while everybody on board will appreciate the pure, crystalline sound reproduction of our High Performance audio system with Bluetooth® music streaming.

And for a truly high-level sound experience, the optional Harman Kardon® Premium Sound features 14 hi-fi speakers, including an air-ventilated subwoofer.

Our two-zone climate system ensures you and your passengers can enjoy a comfortable cabin climate wherever they’re seated — the driver and front seat passenger can adjust the temperature to suit individual preferences. As the driver, you will enjoy the feel of a leather-clad steering wheel with Silk Metal inlays, a leather-clad gear lever and ergonomic front seats with power adjustable 2-way lumbar support for long distance comfort.

The seats are upholstered in sporty Charcoal Textile or optional contemporary City Weave Textile upholstery. Textile floor mats and Iron Ore aluminium decor further contribute to the exclusive interior setting. When it’s dark, the interior illumination enhances the premium ambience inside your Volvo S60 Momentum.

1-6. The Volvo S60 Momentum with signature design LED illumination headlights, high gloss black grille, 18-inch alloy wheels (optional) and black side window trim. 3. Park Assist supports you when reversing and the chrome dual tailpipes give your S60 Momentum a more dynamic look. 4. Inside the S60 Momentum, you can enjoy the contemporary spirit of our Comfort seats and Iron Ore aluminium decor. 5. The Iron Ore aluminium decor on the dashboard perfectly complements the character of your S60 Momentum. The large 9-inch centre display with touch screen keeps you connected and in control, while our High Performance audio system with 10 speakers provides excellent sound. 6. The standard 8-inch driver display allows you to choose between different visual appearances. To provide optimum visibility, the display’s brightness automatically adapts to exterior light conditions.
The wide range of exterior colours and wheels allows you to create a Volvo that’s perfectly suited for you. Sporty and elegant 17-inch alloy wheels in Silver finish come standard, or further enhance the premium appearance of your S60 Momentum with larger 18- or 19-inch wheels. The exterior colour you choose also has a dramatic impact on the personality of your S60 Momentum. Available in several variations, each colour imbues your Volvo with a sense of style and sophistication. Inspired by nature, our new metallic colours, Birch Light and Pebble Grey, add a distinctive Scandinavian touch to your S60 Momentum.
For a modern look and feel, the Volvo S60 Momentum features comfort seats upholstered in Charcoal Leatherette upholstery or optional City Weave Textile upholstery. To enhance the premium character of your S60 Momentum, you can add Leather upholstery, available in several different interior colour combinations to suit your personal preferences. The contemporary interior ambience is further enhanced by Iron Ore aluminum decor and aluminum tread plates.

**INLAYs**

5. Iron Ore Aluminum (Standard)
If you love to drive, the Volvo S60 R-Design is for you. With athletic styling and precise control, R-Design captures the thrill of a sporty driving experience. A wealth of distinctive design details raises the sporty soul of your Volvo and gives it an even more powerful road presence. It’s an expression that catches the eye from every angle and hints at the promise of an amazing drive every time. And you can rest assured that the S60 R-Design will deliver. Surrounded by meticulously crafted and expressive interior design details, you can feel it right from the moment you take your position in the sculpted R-Design driver seat. Everything – from the R-Design steering wheel with gearshift paddles to the Charcoal headliner – is there to inspire your drive. For an even more exhilarating, road-hugging drive, the S60 R-Design benefits from a lowered sport chassis.
R-Design is Volvo in smart designer sports gear – it’s all about a performance-inspired look and feel, both inside and out. It’s a truly sporty expression with athletic exterior design cues, such as its own distinctive grille in glossy black with Silk Metal frame and glossy black design details such as the lower grille, window trim and door mirror caps – perfectly complementing the unique Matte Black R-Design 18-inch alloy wheels in striking Diamond Cut design. Our signature headlights with LED illumination provide excellent visibility and convey a distinctive attitude on the road. At the rear, prominent dual tailpipes and a glossy black rear lower insert impart a powerful finish.

Inside the cabin, the R-Design tread plates in Silk Metal finish greet you on-board. The contemporary sporty theme continues with Metal Mesh aluminum decor, aluminum sport pedals, R-Design textile mats, Charcoal headlining and sculpted R-Design Contour seats with a unique Fine Nappa Leather/Open Grid Textile upholstery. Together, these features give the cabin a technical, cockpit-like feel. R-Design logotypes in the head rests, contrast stitching in the seats and the gear shifter and the R-Design Leather steering wheel all reinforce the sporty yet elegant interior setting. The adjustable front seat cushion extensions further enhance your thigh support for improved comfort during long drives.

When it’s dark, our high-level interior illumination enhances the ambience inside your S60 R-Design. Further adding to your sense of being in control, the R-Design also provides you with our largest 12-inch driver display and standard steering wheel mounted gearshift paddles that increase your control by allowing quicker manual shifts. A drive mode control that allows you to shift between four driving modes – Comfort, Dynamic, Eco and Individual – is conveniently positioned in the tunnel console between the front seats.

Behind the R-Design sport steering wheel in Leather, discover the exhilarating drive that dynamic response and feedback from a finely tuned sport chassis can deliver. Lower and firmer, this chassis features stiffer springs and shock absorbers for sportier handling and less roll when cornering.
The Volvo S60 R-Design expression catches the sporty soul of your dynamic Swedish sedan, with a glossy black colour scheme including distinctive exterior design details, like the side window trim and the outer door mirrors. The exterior colours are carefully selected to match the car’s dynamic character, each with its unique expression – such as the sporty Fusion Red metallic, cool Crystal White pearl or simple Black Stone for a powerful, monochromatic expression. The optional 19-inch five-triple spoke R-Design alloy wheels in Matte Black Diamond Cut give your Volvo S60 a superior road presence that put your Volvo S60 in a class of its own.
Inside your Volvo S60 R-Design, experience the luxury of a sporty and driver-focused Charcoal interior made of premium materials. The sculpted R-Design Contour seats with adjustable seat cushion extensions will provide relaxing support through any twists that the road has in store. Available in monochromatic Charcoal, the exclusive Fine Nappa Leather/Open Grid Textile with contrasting stitching provides a sporty yet sophisticated feel. A dynamic yet stylish sensation further enhanced by the decor in Metal Mesh aluminum that perfectly complement the Charcoal interior.

UPHOLSTERIES  Fine Nappa Leather/Open Grid Textile, Contour seat  1. Charcoal in Charcoal interior, RG0R
REMOTE CONTROL SHELL  2. Available in Fine Nappa Leather

INLAY  3. Metal Mesh Aluminum
We created the luxurious Volvo S60 Inscription to meet and surpass your expectations on contemporary Swedish luxury. It’s a highly personal expression that evokes a strong sense of dynamic refinement. Each detail is carefully selected to give you and your passengers a stylish and exhilarating experience.

Sophisticated exterior design cues enhance the luxurious look and feel of the S60 Inscription. Its distinctive chrome-finish grille, bright decor side window trim and 18-inch 10-multi-spoke Black Diamond Cut alloy wheels correspond with the car’s dynamic and elegant Scandinavian design.

The Inscription experience continues inside, where a meticulously crafted interior featuring Leather seats, genuine Driftwood decor and a tailored dashboard provide exceptional comfort on every journey. The Volvo S60 Inscription embodies our proud heritage of human-centric design. And when it comes to intelligent luxury imbued with distinctive style and fresh thinking, the S60 Inscription is in a class of its own – just like you.

FOR A COMPLETE EQUIPMENT LIST, PLEASE VISIT VOLVOCARS.CA
1. The chrome finish front grille and bright side window trim emulate a luxurious appearance on the Volvo S60 Inscription. Shown here with dynamic, yet elegant, 19-inch 5-double spoke alloy wheels (optional) in distinctive Diamond Cut design.

2. Dual integrated tailpipes and bright decor trim enhance the car’s commanding impression from the rear.

3. Rear seat passengers can enjoy the comfort and convenience of a centre armrest with integrated cup holders and storage.

4. The sculpted Comfort seats with Fine Nappa Leather upholstery and adjustable seat cushion extensions, Driftwood decor and tailored dashboard provide a sensory experience of contemporary luxury. The tunnel console features a diamond-patterned scroll wheel in a metal finish that allows you to select preferred drive modes and steering characteristics.

5. Exclusive Driftwood decor in the dashboard and tunnel console resembles the look and feel of wood shaped by the natural force of water, wind and waves.

6. The intuitive 12-inch driver display with touch screen puts you in the centre of the action.

The sophisticated Volvo S60 Inscription expresses the essence of captivating, contemporary luxury. Just like beautifully crafted pieces of jewellery, the 18-inch 10-multi spoke alloy wheels in distinctive Black Diamond Cut design harmonize perfectly with the chrome finish grille and the bright decor side window trim. Together with the elegant dual integrated tailpipes, the wheels reinforces the car’s confident stance. Our signature LED illumination contributes to both a strong visual identity and excellent vision in the dark.

On the interior, the luxurious theme continues with authentic, finely crafted materials that create a lounge-like atmosphere of sumptuous wellbeing. Lean back and enjoy our sculpted power-operated Comfort seats, upholstered in smooth Nappa Leather.
The Volvo S60 Inscription exterior is a timeless expression of confident Scandinavian design. The exterior colour palette allows you to create a S60 Inscription that best reflects your style and personality. Sophisticated metallic colours such as, Denim Blue and Fusion Red, add an extra touch of modern, dynamic style. And available in distinctive Black Diamond Cut design, the 18- or 19-inch alloy wheels correspond with exterior design cues to emphasize the car’s powerful yet elegant appearance.
Inside the Volvo S60 Inscription, you are surrounded by contemporary refinement. Each detail in the cabin is defined by beautiful materials and expert craftsmanship — a sensory experience that is further enhanced by the genuine Driftwood decor and ergonomically designed Comfort seats in smooth Nappa leather, with adjustable seat cushion extensions.
MAKE IT YOURS

The Volvo styling accessories are engineered by our own team of designers to perfectly complement the lines of the S60 and enhance the car’s dynamic, contemporary character.

To make your car an even stronger and more personal statement, you can add the exterior styling package. Body-coloured front and rear side deflectors and sculpted side mouldings accentuate the car’s low stance, while integrated dual split tailpipes assert an even greater, more powerful expression. And for the S60 Momentum, a black rear diffuser adds an extra touch of dynamic luxury.

Volvo styling accessories are your opportunity to express yourself and come up with a look that is completely yours.
GET READY

Taking care of your more practical needs – whether it’s helping you carry your things as securely and easily as possible or protecting the interior of your car, Volvo’s wide range of load accessories are thoughtfully designed to combine style with function and make life less complicated. They allow you to use your S60 to its full potential on every journey. And because these are Volvo-designed accessories, you can be sure that they are built to last, effortless to use and integrate with your Volvo seamlessly.

1. Roof box, designed by Volvo Cars.
2. Mud flaps, front and rear.
3. Wall box, designed by Volvo Cars.
4. Textile luggage compartment mat.
5. Shaped plastic luggage compartment mat.
8. Exterior Styling Kit.
**We created the Volvo S60 T8 Polestar Engineered with one single-minded ambition – to provide you with the most precise and involving driving experience, period.**

To achieve this, we joined forces with the engineers at Polestar – our exclusive performance car brand. Refinement, human-centric innovation and world-class safety, combined with Polestar’s applied performance expertise enable what we call advanced driving dynamics.

This means we’ve fine-tuned and engineered each component to act as one for your driving enjoyment. Everything, from the powerful T8 Twin Engine AWD plug-in hybrid powertrain to the exclusive Polestar Engineered Öhlins chassis and high-performance Polestar Engineered Brembo brakes, work together to optimize performance, handling and control. Combined with lightweight Polestar Engineered Forged Wheels and distinctive styling, the S60 T8 Polestar Engineered delivers a high-precision driving experience that’s simply electrifying.

---

**S60 POLESTAR ENGINEERED**

Includes S60 R-Design trim level plus the following:

- Polestar Engineered 20” 5-yoke Black forged wheels
- Polestar chassis with Öhlins dampers
- Polestar Engineered front strut bar
- Polestar Engineered Öhlins gold colour dampers
- Polestar Engineered front strut bar in black
- Rear brake calipers in Öhlins gold colour
- Heated steering wheel
- Crystal gear shifter
- Sport steering wheel
- Integrated double tailpipes in black chrome with Polestar Engineered emblem
- Polestar Engineered front Brembo brakes with calipers in Öhlins gold colour
- Integrated double tailpipes
- Crystal gear shifter
- Polestar Engineered emblem, front and rear

**FOR A COMPLETE EQUIPMENT LIST, PLEASE VISIT VOLVOCARS.CA**
The Volvo S60 T8 Polestar Engineered takes the driving precision and performance of the S60 to a higher level. The 303 hp + 87 hp T8 Twin Engine AWD powertrain with plug-in hybrid technology and all-wheel drive gives you uncompromised power and efficiency. Together with the engineers at Polestar, we have upgraded the highly capable S60 chassis with stiffer springs by Polestar and high-end suspension technology by Öhlins – the renowned Swedish manufacturer of shock absorbers for performance and racing cars and motorcycles. This gives you precise and consistent handling characteristics with maximum road contact in all road conditions, while still providing supple ride comfort. And the Polestar Engineered Brembo brakes maximize braking performance in all conditions.

The Polestar Engineered Öhlins Chassis gives you the perfect balance of agility, control and comfort. The advanced Öhlins shock absorbers work together with the Polestar Engineered front and rear springs that stiffen up the chassis and lower the ride height. This gives you a somewhat firmer and more composed ride with less roll and more grip when corners are taken. And for stable and predictable handling, the technical layout of the T8 Twin Engine AWD powertrain adds to even weight distribution and a low centre of gravity.

Reducing the unsprung weight by up to 15%, the Polestar Engineered 20-inch 5-Y-spoke Black forged wheels contribute to responsive steering characteristics and excellent road holding. Milled out of a solid block of aluminum, these wheels are of an exclusive design normally found on high-end performance cars and race cars.

The front suspension is further stabilized by a Polestar Engineered strut bar. This contributes to even more precise suspension steering characteristics at all speeds and more controlled handling through the curves. The rear suspension is further stabilized by a rear stabilizer bar. The advanced, handmade Öhlins shock absorbers deliver the perfect mix of agility and comfort. Unique Dual Flow Valve technology means the shock absorber can react more quickly, allowing the wheel and tire to regain road contact instantly after passing a bump or a pothole without losing traction. You can enjoy performance handling and great control without sacrificing comfort.

The Polestar Engineered Brembo brakes feature 6-piston brake calipers and 371 mm ventilated and slotted floating discs at the front. They’re designed to maintain your control and braking performance with a minimum of fading, even during hard driving.
The exterior of the Volvo S60 T8 Polestar Engineered subtly reveals the soul of a finely tuned, high-precision performance car. Distinctive glossy black design details such as the grille with Silk Metal frame, side window trim and door mirror caps highlight the powerful capacity of the S60 T8 Polestar Engineered. Unique Polestar Engineered 20-inch 5-spoke Black forged wheels and visible, gold coloured Brembo brake calipers add an engineered, high-tech touch. And from the rear, Polestar Engineered Exhaust pipes in black chrome complement the wheels and glossy black design details for a distinct road presence.

Inside the Charcoal interior of the S60 T8 Polestar Engineered, you can focus on driving while surrounded by fine materials and excellent craftsmanship. You’re in control of every aspect of the drive, and will enjoy the car’s perfectly balanced performance. The deeply sculpted Contour seats in Fine Nappa Leather/Open Grid Textile with adjustable seat cushion extensions keeps you firmly in place and provides excellent long-distance comfort. Behind the Leather steering wheel, you can enjoy a steering experience that connects you with the road while the steering wheel mounted gearshift paddles allow intuitive manual gearshifts.

**Polestar Engineered Optimization**

The Polestar Engineered Optimization powertrain software allows you to enjoy a more precise and balanced driving experience. Together with Polestar's engineers, we have optimised important performance areas such as mid-range engine performance, gearshifts and throttle response.

To get the most out of the Polestar Engineered Optimization software, we strongly recommend you to add our optional drive mode selector.

**Please note:** Some of the information in this brochure may be incorrect due to changes in product specifications that may have occurred since printing. Some of the equipment described above may now only be available at extra cost. Before ordering, please ask your Volvo Cars dealer for the latest information. The manufacturer reserves the right to make changes at any time and without notice to prices, colours, materials, specifications and models.
Service By Volvo

Taking care of you and your Volvo is our top priority. With a unique approach to service that is personal, professional and efficient, we get you everything you need in the simplest way possible. To make your life less complicated.

Knowing your vehicle is always up to our highest standards for as long as you own it – that’s the driving force behind the Volvo Lifetime Warranty. We will ensure each service or maintenance provides peak performance. To help you get the most out of your Volvo, for as long as you own it – that’s the driving force behind Service by Volvo.

Our promise to you each time you service your car

Our promise to you each time you service your car and genuine Volvo accessories. Should you encounter any problem with your Volvo car, simply contact the nearest retailer for assistance. Wherever your warranty ends, Volvo Increased Protection (VIP) plans begin.

The most carefree way to own a car. Ever.

**LEASING OPTIONS**

FLEXIBLE TERMS

Leasing is available for terms as short as 24 months or up to 48 months. You can drive a new Volvo car every few years while retaining the lowest cost per mile and still benefit from maintenance plans and without the burden of negotiating trade-in values.

CHOICE OF MILEAGE PLANS

This standard mileage option allows up to 30,000 kilometres per year. However, several other mileage plans are available to suit your commuting needs. Under the low mileage plan, options are available as low as 12,000 kilometres per year and we also offer plans for drivers who will exceed 24,000 kilometres per year.

MULTIPLE SECURITY DEPOSIT LEASE

A multiple security deposit lease allows you to place a lump sum refundable security deposit at lease inception, which reduces your monthly lease charge resulting in lower monthly payments. At the expiration of the lease term, the lease security deposit is refunded to you at the end of the lease term.

GUARANTEED AUTO PROTECTION (GAP) WAIVER

Our GAP Waiver is included in your lease agreement at no additional cost to you. It provides peace of mind. If your leased Volvo car is declared a total loss due to theft, accident, or natural disaster, we will cover the difference between the insurance proceeds and the balance owed to Volvo Car Financial Services. The GAP Waiver is available for up to four years or 80,000 kilometres, whichever occurs first.

EXCESS WEAR AND TEAR ADVANTAGE

As part of everyday driving, normal wear and use can be expected. However, when leasing your vehicle, you may be responsible for any excess wear and tear damage. Therefore, Volvo Car Financial Services offers an optional plan to protect you and your car from unexpected occurrences that happen from nature and circumstance.

FINANCE OPTIONS*

Volvo Car Financial Services (VCFS) offers affordable and competitive financing options on new and Volvo Certified Pre-Owned vehicles. Our low rates and flexible terms can get you behind the wheel of the Volvo you want to drive with financial terms up to 72 months. We are committed to providing the lowest possible interest rates on our products. VCFS also offers convenient financing through Volvo Financial Services, which allows you to purchase your Volvo vehicle and get behind the wheel with one of our competitive rates.

To purchase the additional protection of a VIP plan, contact your local retailer.

SERVICE BY VOLVO

Your new-car warranty provides comprehensive coverage for four years or 80,000 kilometres, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, hybrid components emission systems, genuine Volvo replacement parts and more. You can learn more about these additional warranties in your owner’s manual. For help with any problem with your Volvo car, simply contact the nearest retailer for assistance. Wherever your warranty ends, Volvo Increased Protection (VIP) plans begin.

The Volvo European Delivery Program offers a unique way to buy your new custom-built car as well as a unique way to tour more of Europe. When you’re done driving, join the pleasure of driving a Volvo car back home. Purchase any new Volvo as part of the Volvo European Delivery Program and enjoy all that, and more:

- 15 days of international insurance and temporary European registration included.
- Two complimentary round-trip tickets to Scandinavia (a peak season surcharge may apply).
- One free hotel night in Gothenburg, Sweden, the home of Volvo Cars.
- A visit to a Volvo Factory Delivery Centre.
- Two complimentary enraged seats to the Volvo Factory Tour at the Volvo Cars Factory Delivery Centre.
- The opportunity to explore Europe in the comfort and safety of your own Volvo car, either with one of our specially adapted vehicles or on your own.
