We admit it. You fascinate us. We think and talk about you all day. Everything about your life – its ups and downs, joys and disappointments, needs, demands, frustrations and hopes – captivates us.

So when we innovate, every detail, from service design right down to the tiniest screw, has to justify itself to you. Does it add anything? Is it useful?

All this time spent thinking about your life has allowed good things to happen. Perhaps you didn’t know, but we have a vision that by 2020 nobody dies or is seriously injured in a new Volvo. Nice-sounding words? Not at all, it’s realistic and achievable.

We know you live a rich, fulfilling life in almost every way. We say almost, because there’s one commodity you seem to be short of. Time. So by 2025, we aim to pack every new Volvo with enough smart solutions to free up a whole week of quality time per year. 168 hours to do with as you please.

We also know you care about the future of the planet. That’s why our Drive-E technologies allow you to drive sustainably – without compromising on performance.

We know you want to stay connected to the world around you. Our Sensus solutions ensure you are. We know you always want to feel in control. Our IntelliSafe technologies not only help to save lives, but also give you more enjoyment behind the wheel.

We happily walk the extra mile to give you what you want.

You are why we innovate.
Life is about the experience. Making the most of every moment. The moments of calm. The moments of freedom. The moments of confidence. Creating memories that will last forever.

With versatility, intuitive technology and engaged dynamics, the All-New Volvo V60 is the car with which you will share life’s little – and big – moments. A car that is the ultimate lifestyle enabler.
The purity of line and purpose that defines the Volvo V60 is classic Scandinavian design. Dynamic, elegant and meticulously thought out, this is a car that projects confidence. It’s the little things that make the biggest differences. Deeply sculpted sides emphasize the car’s athletic character, while a roof spoiler further conveys the dynamic nature of the V60. Large side windows suggest a spacious interior, and finely crafted details such as the dignified front grille and LED lights – front and rear – help lend it a strong identity.

Inside the V60, you’re in a place where Scandinavian design and Swedish craftsmanship meet. A place where all the occupants travel in comfort, thanks to superb seats and individually adjustable climate control. Clean, uncluttered design combines form and function. Authentic materials and refined details, such as the diamond pattern on the control knobs and the optional tailored dashboard, create a sense of contemporary luxury.

This is the bold new wave of Volvo Cars’ design, personified.
Black exterior details contrast with sleek metallic and chrome finishes to highlight the car’s dynamic, yet elegant, Scandinavian design.

Integrated tailpipes in stainless steel merge seamlessly into the sculpted rear bumper for a sporty and graceful appearance.

Sophisticated exterior design cues enhance the luxurious look and feel of the Volvo V60. The unique chrome-finish grille and Thor’s Hammer headlights accentuate the car’s dynamic presence in a style that is distinctly Volvo.

The panoramic sunroof and large windows featured on the V60 provide the car with an abundance of natural lighting, alluding to a more expansive interior and furthering the luxuriously indulgent ride experience for all of your passengers.
Our driver-centric, 9-inch Sensus Touchscreen replaces physical buttons with virtual equivalents facilitating ease of use.

Spacious, filled with light and beautifully made, the interior of the V60 is a place where you’ll delight in the details.

The distinctive air vents have controls with a metal finish and a diamond-pattern on the knobs. Driftwood trim is a unique wood treatment, influenced by Volvo Cars’ Swedish heritage.
Intuitive technology in the Volvo V60 helps get you where you need to go quickly and effortlessly. Clear graphics on the Sensus Navigation system are easy to read, while the portrait format of the centre display means maps scroll less and are able to show more of the road that you are travelling on.

Our innovations also save you time by helping you find what you’re looking for, with built-in apps such as Google Search. Find a gas station, a restaurant or a hotel and then use Sensus Navigation to take you there. The V60 keeps you connected with your digital world with an onboard Wi-Fi hotspot and 4G connectivity. Connecting your phone to the car is as easy as plugging it in – Apple CarPlay™ or Android Auto™ will do the rest, turning the centre display into an extension of your phone’s screen.

Voice control
Volvo’s latest voice recognition technology understands natural speech, so you can simply talk naturally to your car – there’s no need to memorise specific phrases to operate climate control, navigation, media or telephone features.

Sensus Navigation
With its clear mapping, seamless connectivity and ease of use, Sensus Navigation is your companion on every drive, taking care of the journey and leaving you to enjoy every moment of it.

Smartphone integration
Apple CarPlay™ or Android Auto™ allows you to easily connect your smartphone to your car. All you need to do is plug it in and the centre display will show you the familiar type of interface that you’ll recognise from your phone’s home screen.
Immerse yourself in the clarity and detail of your favourite music in the Volvo V60. By working with some of the world’s finest audio makers, we’ve created an in-car experience that brings you closer to the music you love.

The V60 is designed with exceptional audio performance in mind. Audio systems from Harman Kardon® and Bowers & Wilkins ensure superb sound every time.

Harman Kardon® Premium Sound is one of our high-level sound options. The system uses 14 speakers to surround you with music and delivers 600 watts of sound via a 12-channel amplifier. Dirac Unison tuning software automatically adjusts the intensity of the sound so when you are listening to different recordings or sources, you don’t have to adjust the volume yourself.

The advanced technology of the range-topping Bowers & Wilkins package uses 15 different speakers to deliver unrivalled 1100-watt performance, highlighted by the unique ‘open air’ subwoofer that produces rich, resonant bass notes. This system also uses unique technology developed with the Swedish audio software specialists, Dirac Research, that can change the in-car acoustics to resemble a performance space – one of which is the Gothenburg concert hall – for a more lifelike sound.
The Volvo On Call app connects your car with the rest of your world, helping make life less complicated. It’s always there when you need it, so your car becomes more than just a means of travel – it’s your personal assistant.

You can use it to prepare your car for the drive to the office or the drive home by remotely cooling or heating the cabin. It can remind you that you have left your car unlocked and allow you to remotely lock or unlock your car from anywhere in the world. You can sync your Volvo On Call app with your calendar, so if you have appointments it will tell your car where they are and how to get there. And it keeps you safe, automatically contacting emergency services if you’re involved in an accident and telling them where you are.

Always Connected

The Perfect Start

When you get into the car in the morning it’s warm, defrosted, and the navigation system knows where you’re going, thanks to Volvo On Call.

Find your Car

You’ve forgotten where you parked, so you use the car locator map to find the street and then use the flash light function to pinpoint the car.

Ready for a New Day

A notification reminds you that you’ve got a meeting tomorrow. You send the location to the Sensus Navigation system so you are ready to go in the morning.

Remote Control Comfort

You use the remote start functionality to warm the car interior so it’s ready when you leave the office.

Where Next?

A calendar card shows your next meeting. You push a button in the app, sending the address to the car’s navigation system.

CITY SAFETY TECHNOLOGY,
YOUR PROACTIVE PARTNER ON THE ROAD

Our advanced proactive safety technology helps you feel confident and in control. At the heart of this technology is City Safety. By helping you keep a lookout and brake or steer away if necessary, it makes driving more enjoyable while helping to prevent accidents.

City Safety can identify other vehicles, pedestrians, cyclists and large animals ahead of you, even at night. It warns you if necessary and can brake automatically to help avoid a collision or reduce impact. Our advanced Oncoming Mitigation by Braking technology – a Volvo Cars safety world first – can detect if there’s another vehicle driving towards you and brakes automatically to mitigate the impact.

Your Volvo can also support you if you’re forced into rapid evasive action at speeds between 50 and 100 km/h. As you begin to steer away, City Safety can help you do it as effectively and safely as possible by braking the inner wheels individually and reinforcing your steering input.

City Safety is your perfect co-pilot: proactive when it’s needed, and staying discreetly in the background the rest of the time.

Oncoming Mitigation by Braking
A Volvo Cars safety world first, this innovation can detect vehicles heading towards you on the wrong side of the road. If the collision can’t be avoided, it will apply the brakes to help reduce the effect of a collision.

Run-off road Mitigation
Stay safely on the road with this Volvo Cars safety innovation. If Run-off road Mitigation detects you’re about to leave the road unintentionally, it uses steering input guidance and, if necessary, brake support to guide you back on track.

Lane Keeping Aid
The Lane Keeping Aid will gently steer your car back into its lane if it senses you are about to inadvertently cross into another lane. If this is not enough or if you keep steering across the lane markings, you’ll be alerted with vibrations in the steering wheel.

Driver Alert Control
If you are getting fatigued or lose concentration at the wheel, Driver Alert Control will alert you and suggest a break. With Sensus Navigation, it can even guide you to the nearest safe and convenient location for a rest-stop.

Oncoming Lane Mitigation
If you drift across the lane markings and into the path of oncoming traffic, your car warns you and gently steers you back onto the correct path, using the automatic steering assistance. This system will help to avoid collisions with oncoming vehicles.

BLIS™
BLIS™ uses radar sensors at the rear of the car to monitor your surroundings, and detect if vehicles have entered your blind spot or are approaching from behind. If you pull into the path of an approaching vehicle, it will also alert you.

Volvo V60 Momentumb. Park Assist supports you when reversing, and the chrome dual tailpipes give your V60 Momentum a more dynamic look.

Inside the V60 Momentum, you can enjoy the optional contemporary spirit of our City Weave textile upholstery and Iron Ore aluminum decor.

The Iron Ore aluminum decor in the dashboard perfectly complements the dynamic character of your V60 Momentum. The large 9-inch centre display with touch screen keeps you connected and in control, while our Harman Kardon premium audio system with 14 speakers provides excellent sound.

The standard 8-inch driver display allows you to choose between different visual appearances. To provide optimum visibility, the display’s brightness automatically adapts to exterior light conditions.

With 14 hi-fi speakers, including an air-ventilated subwoofer, is available as an option.

Our two-zone climate system ensures you and your passengers can enjoy a comfortable cabin climate in all temperatures – the driver and front seat passenger can adjust the temperature to suit individual preferences. As the driver, you will enjoy the feel of a leather-clad steering wheel with Silk Metal inlays, a leather-clad gear lever and ergonomic front seats with power adjustable 2-way lumbar support for your long distance comfort.

The seats are upholstered in Charcoal, Amber and Blonde Leather upholstery, or contemporary City Weave Textile. Textile floor mats and Iron Ore aluminum decor further complement the interior ambience. And when it’s dark, the interior illumination enhances the luxurious feeling inside your V60 Momentum.

1. Park Assist supports you when reversing, and the chrome dual tailpipes give your V60 Momentum a more dynamic look.

Enjoy our Lifetime Parts and Labour Warranty,* so you pay only once, knowing your car is always up to our highest standards. Receive free technical software updates** and more. No sign-up required.

LEASING OPTIONS*

FLEXIBLE TERMS

Leasing is available for terms as short as 24 months or up to 48 months. You can drive a new Volvo car every few years while keeping the manufacturer warranty and maintenance plans and without the burden of negotiating trade-ins.

CHOICE OF MILEAGE PLANS

The standard mileage option allows up to 36,000 kilometres per year, however, several other mileage plans are available to tailor to your commuting needs. Under the low mileage plan, options are available as low as 12,000 kilometres per year and we also offer plans for drivers who will exceed 24,000 kilometres per year.

MULTIPLE SECURITY DEPOSIT LEASE

A multiple security deposit lease allows us to place a lump sum refundable security deposit at lease inception, which reduces your monthly lease charge resulting in a lower monthly payment. If you choose to exercise your lease early, we refund the portion of the deposit not applied to the residual value.

GUARANTEED AUTO PROTECTION (GAP) WAIVER

Our GAP Waiver is included in your lease agreement at no additional cost to you. It is provided to you at no cost to protect you from the purchase price of your vehicle. If your leased Volvo car is declared a total loss due to theft, accident, or natural disaster, we will cover the difference between the insurance proceeds and the balance owed to Volvo Car Financial Services less any deductible.

EXCESS WEAR AND TEAR ADVANTAGE

As a part of everyday driving, normal wear and use are to be expected. However, when turning in your leased vehicle, you may be responsible for any excess wear and use damage, therefore, Volvo Car Financial Services offers an optional plan to protect you and your car from unexpected occurrences that happen from nature and chance.

FINANCE OPTIONS*

Volvo Car Financial Services (VCFS) offers affordable and competitive financing on new and Volvo Certified Pre-Owned vehicles. With a flexible term of 48 months and a low rate, you can drive a new Volvo car with confidence. Plus, you’ll get you behind the wheel of the Volvo you want to drive with finance terms up to 72 months.

*On approved credit, please contact your local Volvo car retailer for detailed information on finance options.
