

VOLVO CAR GROUP GRADUATE PROGRAMME

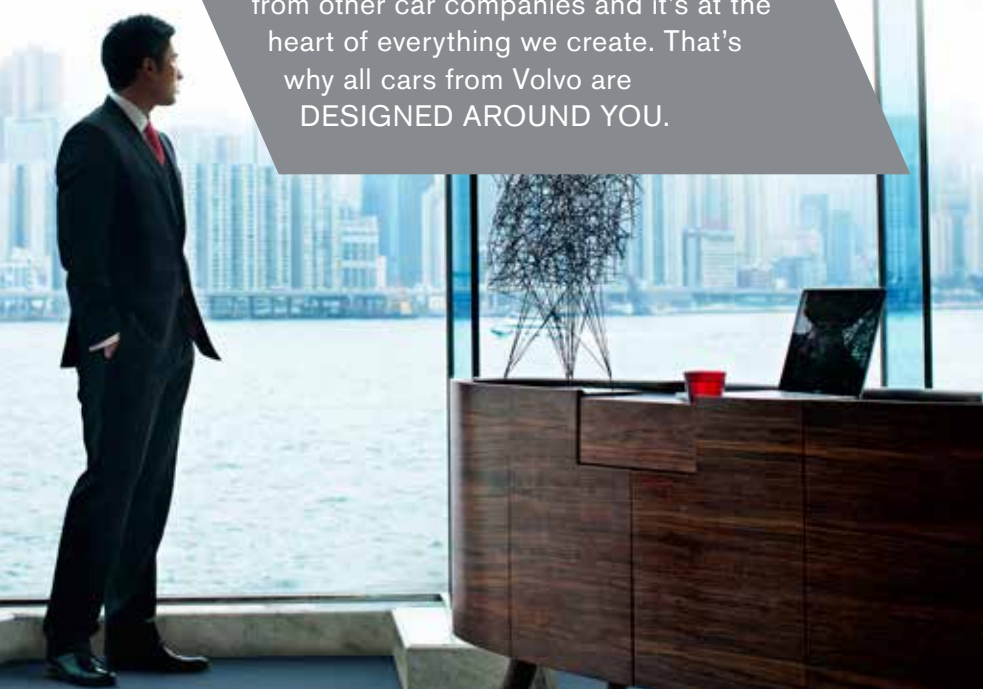

THE FUTURE IS YOU

WE BELIEVE IN YOU

Everything we do at Volvo Car Group starts with people. It's what makes us different from other car companies and it's at the heart of everything we create. That's why all cars from Volvo are **DESIGNED AROUND YOU.**

We know people better than any other car brand, and we're on a bold journey to become the world's most progressive and desired luxury car brand.

WANT TO JOIN US?

We're looking for talented graduates with potential to be future leaders.

YOU ARE

a graduate full of energy and committed to success. You have excellent leadership abilities and teamwork skills. You master the art of communication and inspire those around you. You're results-orientated and open to change.

YOU HAVE

a university degree (Master's and/or Bachelor's) and a maximum of three years relevant working experience prior to or after graduation. You hold a driving license, speak English fluently and may have additional languages.

SOUNDS LIKE YOU?

Apply now for one of the most challenging and rewarding graduate programmes anywhere. You'll have access to a world of opportunities along with the chance to join us in taking one of the world's most respected car brands into a new and prosperous future.

THIS IS YOUR GRADUATE PROGRAMME

For 18–24 months you'll be fast tracked through the heart of our business with support along the way. We'll design the programme around your talents and ambitions, with individual career development activities that include cross-functional and/or international projects. If you show passion and drive, you'll find unique opportunities to grow as a future leader in a global organisation that values individual differences in its employees just as it does in its customers. Together we'll create a clear career target – a project/process lead or managerial position within five years after your programme, depending on your aims and capabilities.

18-24 MONTHS

Designed around your career

Individual career development

Corporate training modules

Development dialogues

Personal senior mentor

Operational projects

Operational positions

YOUR TARGET POSITION

THE FUTURE IS IN YOUR HANDS

We believe in the power of people and will support you to reach your full potential. Apply now for the 2015 Volvo Car Group Graduate Programme and join us in creating the smart, sustainable Volvo Cars.
