

# THE NEW VOLVO XC40

True SUV proportions, distinctive Swedish styling, and bold, progressive design – the new Volvo XC40 is built for city life. With seamless connectivity and intuitive technology, including a central Sensus touchscreen, wireless phone charging, and the Volvo On Call app, it puts drivers in command and helps to improve their productivity on the move.

It also provides an uncluttered cabin filled with innovative storage solutions as well as peace of mind thanks to its world-leading safety features. Uniquely Scandinavian and unmistakably urban, the new XC40 makes every day – and every journey – easier.

## LEADING THE WAY IN EMISSIONS TESTING

We were the first UK car manufacturer to homologate its entire model range under the new Worldwide Harmonised Light Vehicle Test Procedure (WLTP). So you can rest assured that you're making a more informed fleet decision with Volvo.

All of our figures are available to view right now, so you have everything you need to choose with confidence. Based closer to real-life driving situations, WLTP allows for greater accuracy than ever before. In a shifting landscape you can enjoy complete peace of mind with figures you and your business can trust.

\*Vehicles with a retail price over £40,000 (including paint, options, packs and delivery costs) when new pay an additional rate of £310 per year on top of the Standard Rate, for five years.

\*\*Figures are dependent on trim level.

MPG figures are obtained from laboratory testing intended for comparisons between vehicles and may not reflect real driving results.
