

THE VOLVO XC60

The Volvo XC60 is an evolution of the dynamic Swedish SUV experience – stylish, prestigious and commanding. A pleasure to drive and beautiful to behold, it perfectly encapsulates Volvo's cross country and luxury values, creating an intuitive SUV.

But it isn't just aesthetically striking. With its range of innovative technology, including Sensus Connect, IntelliSafe and Pilot Assist, it puts you in tune with the world around you, making business easier. Available with a range of options, from high-performance engines to luxury finishes.

LEADING THE WAY IN EMISSIONS TESTING

We were the first UK car manufacturer to homologate its entire model range under the new Worldwide Harmonised Light Vehicle Test Procedure (WLTP). So you can rest assured that you're making a more informed fleet decision with Volvo.

All of our figures are available to view right now, so you have everything you need to choose with confidence. Based closer to real-life driving situations, WLTP allows for greater accuracy than ever before. In a shifting landscape you can enjoy complete peace of mind with figures you and your business can trust.

*Vehicles with a retail price over £40,000 (including paint, options, packs and delivery costs) when new pay an additional rate of £310 per year on top of the Standard Rate, for five years.

**Figures are dependent on trim level.

MPG figures are obtained from laboratory testing intended for comparisons between vehicles and may not reflect real driving results.
