

Recharge Electricity Offer – Terms & Conditions

1. Volvo Car UK Limited (“**Volvo Cars**”) will arrange for the reimbursement of the cost of electricity used to charge a new Volvo plug-in hybrid for a period of up to 12 months, subject to a maximum electricity consumption of 3000kWh (the “**Offer**”).
2. The Offer is open to UK residents aged 18+ who purchase a qualifying Volvo vehicle as the first owner. The vehicle must be owned for a minimum period of twelve months.
3. The Offer applies to all new Volvo plug-in hybrid cars (“**Volvo PHEV**”) ordered from a participating UK retailer from October 17th, 2019 until 30th June 2020.
4. Electricity costs will be reimbursed for a period of up to 12 months (the “**Electricity Period**”). To take advantage of the Offer, new Volvo PHEVs must be registered within the Volvo On Call app for the duration of the Electricity Period.
5. The Electricity Period will commence following a Volvo on Call update incorporating electricity usage monitoring and reimbursement tools in May 2020 (the “**Start Date**”), and end after the expiry of 12 months or on sale or transfer of the Volvo PHEV (whichever is the earlier). The first owner of a Volvo PHEV registered on the Volvo On Call app which consumes electricity prior to the Start Date will not have such electricity reimbursed. For Volvo PHEVs sold after the Start Date, the Electricity Period will commence on the date the Volvo PHEV is registered on the Volvo on Call app.
6. Volvo Cars will, at the end of the Electricity Period, arrange for the first owner of the Volvo PHEV to be reimbursed the electricity costs as calculated within the Volvo On Call app at a price determined by Volvo Cars. The price will be the average cost of electricity in the UK as determined by Volvo Cars based on appropriate third-party sources.
7. The Offer is non-transferrable and not available to anyone other than the first owner e.g. in the event the Volvo PHEV is sold to a third party or second owner within the Electricity Period.
8. The Offer is not applicable to cars sold to rental fleets, retailer demonstrators or to employees, employees' families or associates of Volvo Cars. The Offer is also not applicable to standard internal combustion engine vehicles or mild hybrid variants.
9. Volvo Cars will not be liable for any forms of tax liability as a result of the first owner benefiting from the Offer. The first owner will be responsible for all tax benefit liabilities.
10. Volvo Cars reserve the right to withdraw or amend these terms and conditions without prior notice at any time, for whatever reason, and without liability for doing so.
