

# PROTECTIVE STEEL GRILLE

PRACTICAL PROTECTION

## Available for Models

XC90, XC60, XC40, V90CC, V90

## Facts and Advantages

- Attractive Volvo branded design
- Easy to install and remove
- Prevents loads and pets from being thrown forward
- Crash tested to Volvo's stringent safety requirements
- Rigid construction

## Technical Specifications

Material: Steel

Color: Charcoal

Accessory Weight: 12 lbs (5.5 kg)

The Protective Steel Grille prevents pets and cargo from being thrown forward into the passenger compartment in the event of a quick stop or collision.

The Grille is easy to install and remove thanks to convenient mounting points perfectly located in your Volvo. The second row of seats can also be tilted as usual, even with the grille installed.

## Notes

The Grill must be removed when the third row of seats is used.

The Protective Steel Grill cannot be folded up to the ceiling and must be removed when not in use.
