

VOLVO HOME SHIPMENT PROGRAM

THE PROGRAM

Volvo offers a host of enviable savings and benefits for customers who plan to return or move from Europe to the USA. When the time comes you won't have to worry about the trouble and expense involved in shipping your Volvo from Europe. The Volvo Home Shipment Program saves time, money and trouble. Simply drive to any of our Home Shipment locations throughout Europe and we'll ship your Volvo to a retailer in North America. The Home Shipment is valid for U.S. specified cars and is free except for applicable transfer charges and export declaration fees in Europe, duty and taxes. For tourists, the program is valid for up to six months, if dropping off in Gothenburg; 2 months maximum if dropping off elsewhere.

TO DO LIST

Taking advantage of the Home Shipment Program is easy. A few legal and other formalities have to be observed, however.

1. You will receive a Volvo Home Shipment voucher with your new Volvo. Keep this valuable document, which proves that you are entitled to the home shipment service.
2. You will also receive a customer registration coupon. Send this, after your arrival in the U.S. to

Volvo Car USA, LLC. in order to register your car in the service and warranty system.

3. If any transport, duty or tax charges apply, payments must be done in the local currency, unless nothing else is stated. The preferable paying method varies between the involved agents.
4. US tourist customers' duty and shipping is paid by Volvo. For cars shipped to the U.S. a special catalytic converter document is required by the EPA (Environmental Protection Agency). You will be given this form to fill in when you hand your car over at the authorized Home Shipment Agent.

5. Be sure the car is cleaned before handing it over. The condition of the car will be inspected prior to transport. Please note, should the car be dirty, the shipping company may refuse to load the car, or the EPA will steam clean your car at your own expense.

6. Sign the condition report before you leave the agent's office.

BRINGING YOUR DOCUMENTS

Be ready to present the following when handing over your car for shipment
